Price Change Notification

Dear Customer,

To better align our prices with market evolution, we are adjusting our price book effective January 7, 2019. This price change is valid for new orders from the 7th of January.

Starting 2019 we are implementing the common practice of bi-annual price reviews – respectively each first Monday of January and July. You will receive information accordingly.

To assist your review of changes to specific parts or product lines, please feel free to contact your Customer Service Representative.

We appreciate your continued business as we implement these price adjustments and we look forward to continuing to support your connectivity needs.

Sincerely,

TE Connectivity

J. Mann
